Circular waste strategy

Our services and activities towards a circular economy

- Amsa delivers **waste management** and **street cleaning** services for the **city of Milan** (1,300,000 inh.) and surrounding municipalities (250,000 inh.)
- **Integrated waste management system: waste as a resource**
 - ▶ **50% Recycling** (plastics, metals, glass, paper and cardboard, food waste, WEEE's, bulky waste)
 - ▶ **Waste to Energy** for the **NON recyclable waste**: production of electricity and heat for district heating
 - ▶ **No landfill**
- **Door to door** waste collection scheme: **maximum quantity** and **quality** of the waste **with less contaminants**
- **A new goal for Milan: food waste collection** for households (**90 kg/inh. per year** and **< 5% impurities**)
