Sustainable Cities and Towns Campaign

Objective: Promoting development towards sustainability through Local Agenda 21 or similar integrated planning processes and the strengthening of partnerships among all actors in the local community as well as inter-authority co-operation.

Activities:

- Organisation of meetings: Steering committee and Political Board
- Production of a quarterly newsletter
- Presentation of the Campaign at events, notably at the World Summit on Sustainable Development in Johannesburg, South Africa, August 2002
- Integrated Thematic Working Sessions on Urban Sustainable Development to develop policy recommendations for the European Union institutions: ACRR has coordinated a ITWS on Waste/ Resource Management, with CEMR in June 2003
- Open Platform for Urban Sustainability (OPUS) to help facilitate the dialogue and increase co-operation between all relevant actors at the local and regional level; this structure contributed to the European Commission's Thematic Strategy on the Urban Environment
- European Sustainable City Award: ACRR was responsible for the drafting of the questions related to "Sustainable Waste and Resource Management" and the evaluation of applicants on this topic.

European financial support: 1.262.397,80 Euros (92,52%)

Programme: Community Framework for Cooperation to Promote Sustainable Urban Development

Duration: 24 months from November 2001 to October 2003
